# Open the audit specifications table

**Applies to User roles:** System Administrator

Use one of the following methods to open the audit specifications table:

- From the System Navigator, click **Tailoring** > **Audit** and then double-click **Audit Specifications**.
- From the Command line, type `audspec` from the command line and press **Enter** or click **Execute Command**.
- From the System Navigator, click **System Definition** > **Tables** > **auditspecs** > **forms** and then double-click **auditspecs**.
